## MESSAGE TO POTENTIAL CASE STUDY CLIENTS

“Have you been feeling stuck in your life, relationships, health, career & finances?” Is there a DREAM that you have not yet manifested?”

I am seeking 10 people to conduct a divine experiment and share a new process I recently learnt that has helped me XXXX, helped those who did the course with me heal a physical rash, unlock a stuck business contract, lose weight, heal family conflicts and gain confidence to get more private paid clients.

**Your next step is to message me back with the words, YES.**

Then I will book a one to one complimentary discovery call and explain the process to you. Should you love the process (which you will!), I will give you an intake form to fill in as part of my case studies and we will conduct 5 complimentary sessions. In exchange for the 5 complimentary sessions I will be seeking your feedback and testimonial.

So what are you waiting for? Ready to unlock the dream you wanted for yourself.
